CAPE COD'S HORTICULTURAL
SUPPLY HOUSE FOR 66 YEARS

Gardening on Cape Cod in 1952

Over the years there has been an ever increasing interest in gardening by the American people. An interest in the growing of both vegetables and flowers.

This year with rising costs of living, it is more than ever important to grow part of you own food. There is nothing finer than fresh vegetables from your own garden. And with the vegetables grow also a few summer flowers.

We offer both vegetable and flower seeds, all new seed, some of the newer varieties, as well as the older standard sorts.

Plants of both vegetables and flowers are offered in many varieties.

Our stock of fertilizers, insecticides and fungicides cover every garden need. Our grass seed mixtures are formulated to meet the needs of Cape Cod conditions.

The Greenhouses, the Flower and Garden Shops, the Cape Cod Nurseries and the Landscape department offer to you a complete Horticultural Service.

Vegetable Seeds

Discount of 5% for cash on orders of \$2.00 or more.

As the successful growing of seeds, plants and bulbs depends in a large measure on proper weather conditions and cultural methods, we can give no warranty, express or implied, as to the productiveness, quality, or any other matter, and will in no way be responsible for the crop.
